

**It's time
To take care for your time**

TiKi⁺

(Automatically track every second you spend on each patient a cross platforms / providers)

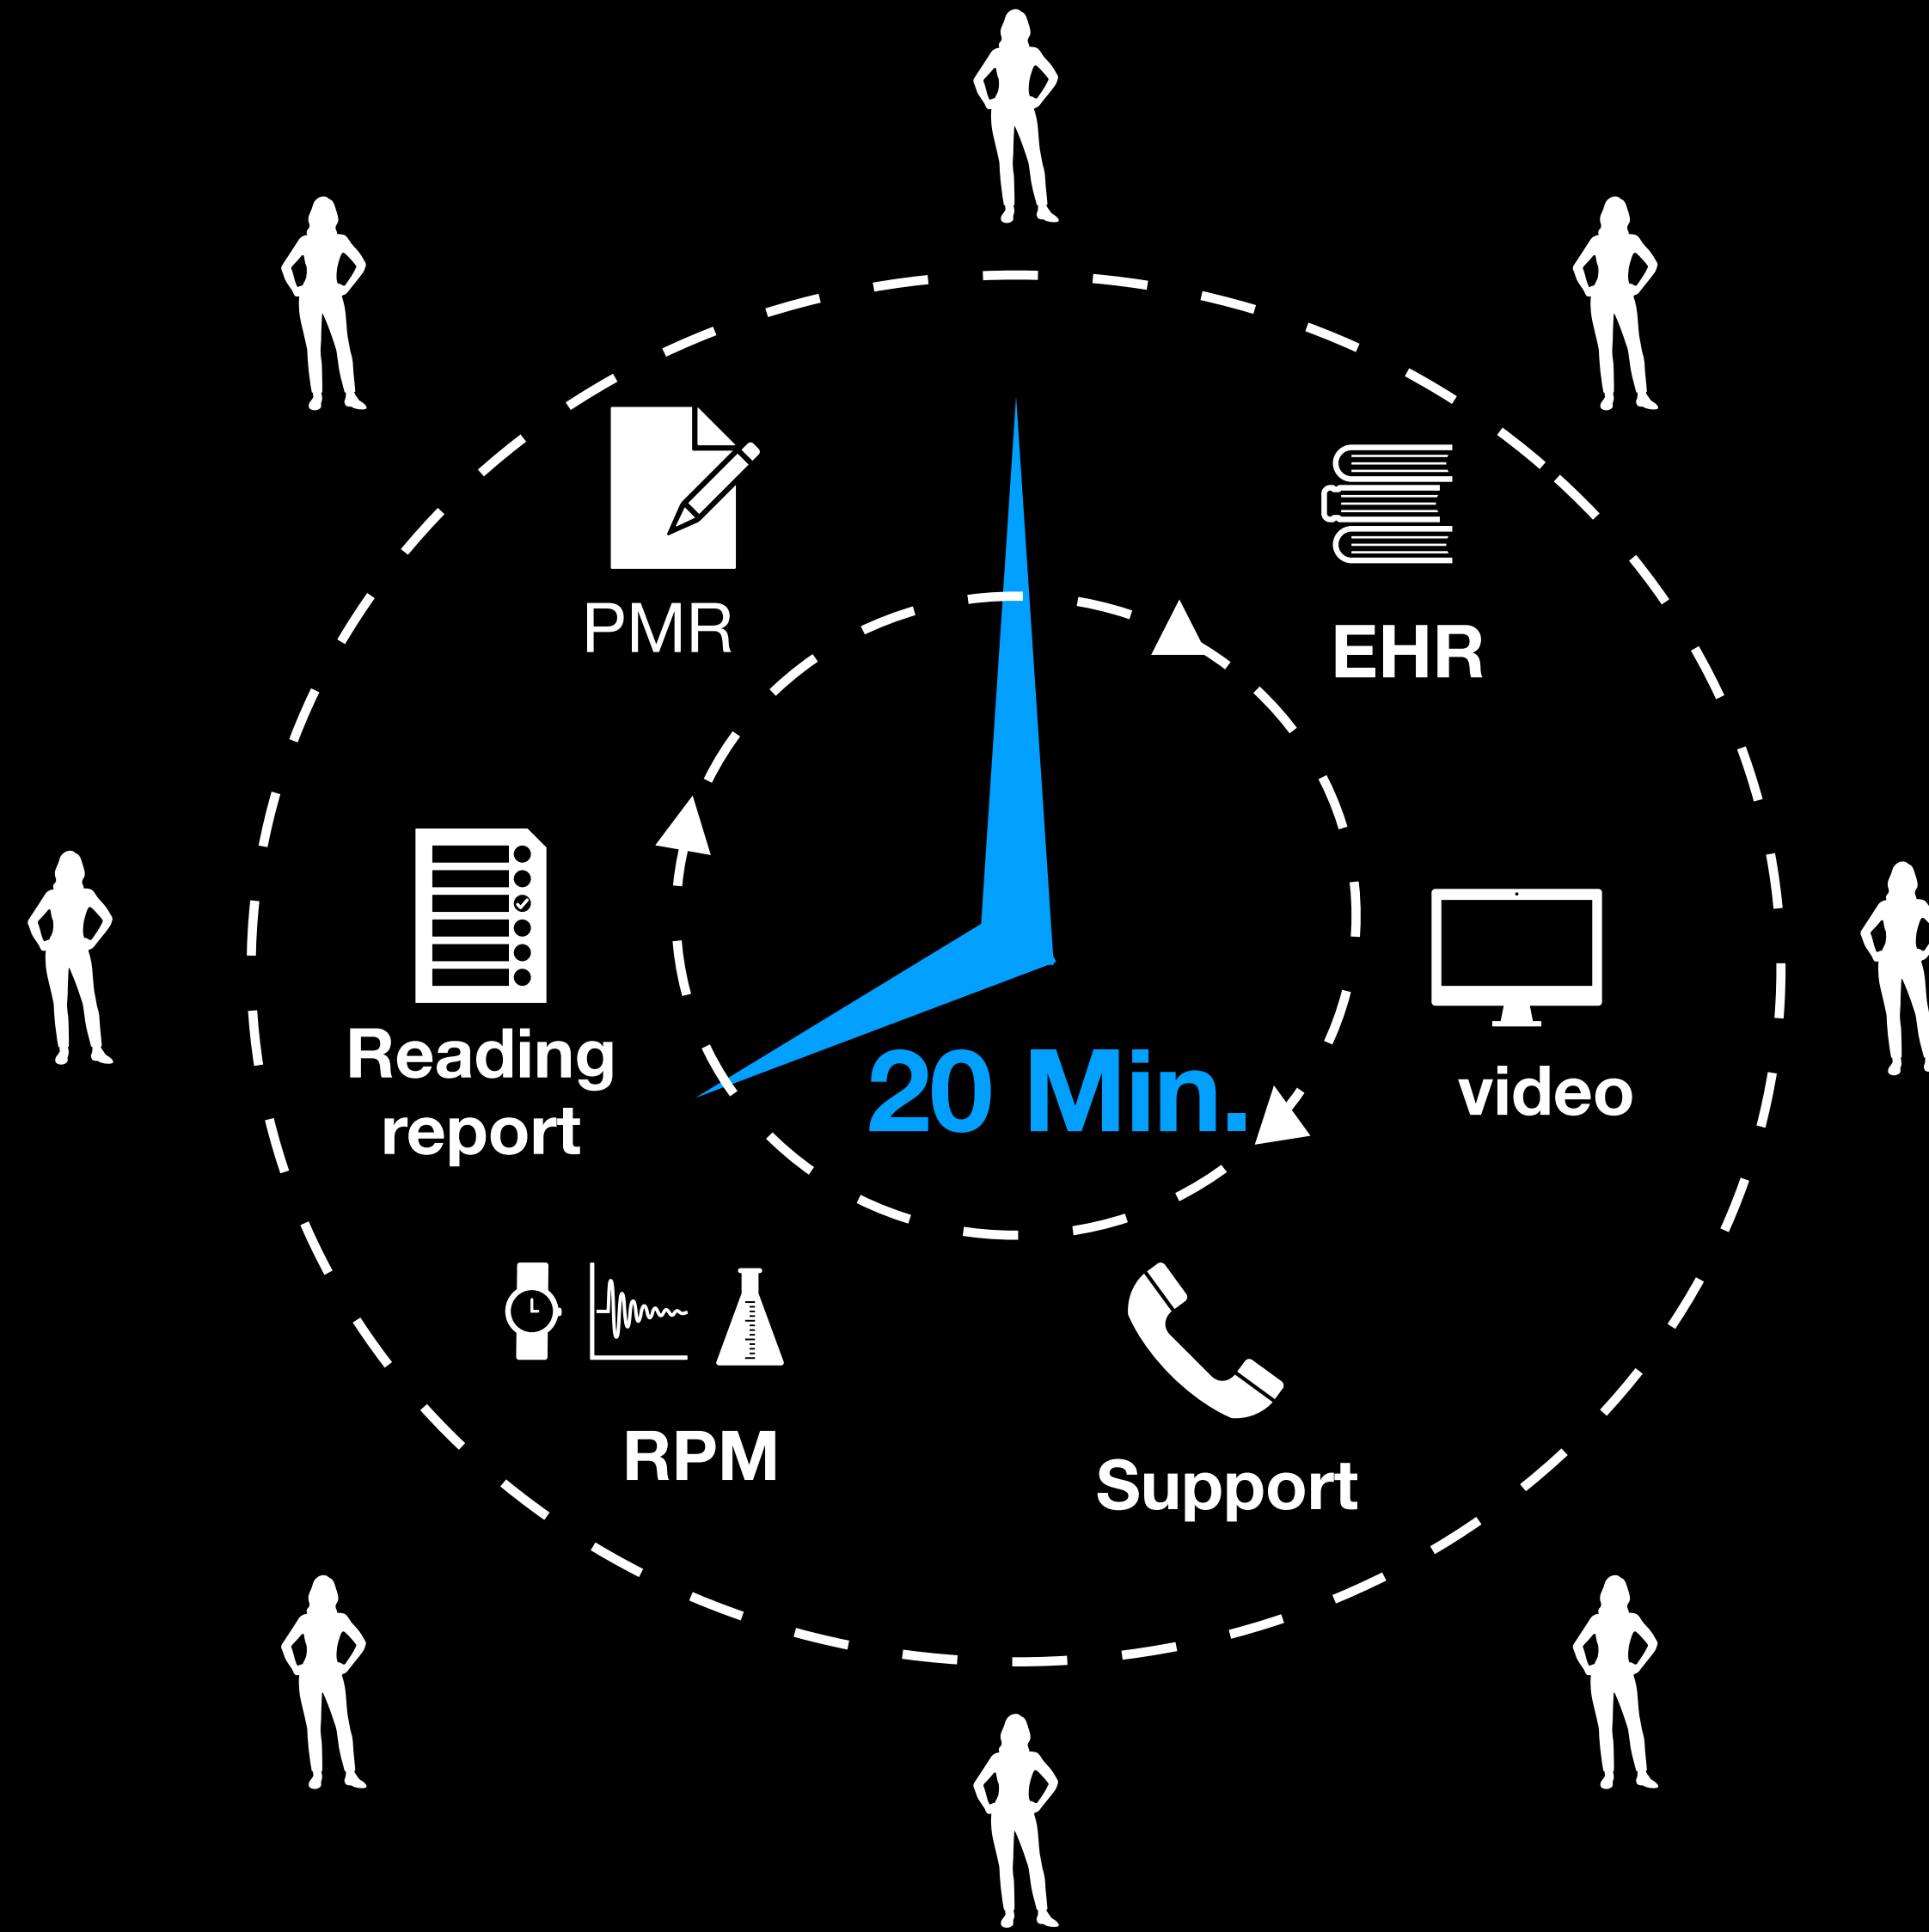

Uriel Neuberger, CEO, OnTop Health

Today

Chronic care management (CCM) and Telehealth reimbursement is **time based**

117M
Chronic
patient

52.7M
Telehealth visit

The Problem today with time based claim reimbursement

Systems timer is siloed

Manual (Cross platforms) aggregation

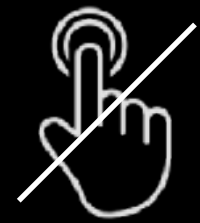

Revenue Loss
(\$3,000 - \$6,000 per user/month*)

**Audit log unreliable - subject to
payer claw back ב 2022 בוצעו איקס
חקירות**

Here's How TiKi Work's

Zero Click's

Across all silo Platforms

Time aggregation

Per Providers

Per Patient's

Automatically track every second you spend on each patient .
